We are each of us angels with only one wing...

And we can fly embracing each other...

ANNOUNCEMENTS

1. We welcome our visitors joining us today. Please join us after Liturgy for fellowship and faith formation. Today's topic: A Walk Through the Divine Liturgy, Conclusion.
2. HOLY DAY THIS WEEK: Nativity of the Mother of God on Tuesday. Our parish's patronal feast day! This is one of the twelve great feasts of the year and a holy day of obligation. The Church expects that we treat this feast like a Sunday—attend the Liturgy, spend extra time in prayer, avoid unnecessary work. If you can't come to church on Tuesday morning at 10am, come to Vespers on Monday evening at 4pm! There will be a potluck afterwards. Bring something!
3. PRAZNYK NEXT SUNDAY: There will be one Divine Liturgy in the parish next weekend at 3pm. Potluck to follow. Please come!
4. With the summer months comes camps, beaches, travel, and vacations. Remember: Our union with God remains the single most important part of our lives, even during the summer. The Sunday Liturgy ought to be the thing that the rest of our schedule revolves around—it's not something to 'fit in' if you 'are able' or 'feel like it'. If you are away, please find a Catholic Church and attend the Divine Liturgy (or Holy Mass) on Sunday.
5. Our Men's Club brunches are starting back again Sunday, September 20th from 10am -12:30pm! See you there!!

Lord, Jesus Christ, You Who travelled throughout Galilee healing the sick, enabling the blind to see and the lame to walk, bring healing to Your people who need it this day. Grant relief to the ones who suffer pain and physical torment. Give peace to those whose minds are tortured by mental illness and anxiety. Comfort those who are alone in their suffering; may Your people reach out to them and to all the needy this day. Send Your grace to the caregivers that they may be gentle and effective agents of Your loving mercy. May our sufferings be joined with Yours to bring healing throughout the world. Amen

A Lovely Story

Once upon a time! When Window was just a square hole in a room, and Application was something written on paper. When Keyboard was a Piano and Mouse just an animal. When File was an important office material and Hard Drive just an uncomfortable road trip. When Cut was done with scissors and Paste with glue. When Web was a spider's home and Virus was the flu. When Apple and Blackberry were just fruits – that's when we had a lot of time for family and friends.

LIFE

Life doesn't have to be as complicated as we often make it. We spend so much time worrying about things we can't control that we forget to appreciate the moments that are happening right in front of us. The truth is, we won't be here forever. Each day comes only once, and when it's gone, it becomes a memory. That's why it's so important to slow down sometimes, take in the simple things, and notice the beauty that exists in ordinary moments. Watch the sunset. Enjoy a good conversation. Laugh when you have a chance. Tell people you care about them. Don't wait for everything to be perfect before you allow yourself to live. Life is happening now, and that alone is a gift worth appreciating.

Sitting here trying to figure out how the cemetery can raise prices and blame it on the cost of living!!

I've decided I'll never get down to my original weight and I'm okay with that.
After all, 6 lbs 3 oz is just not realistic!!
